

## **ADVISORY**

### **COVID-19 Advisory for travelers arriving from India to Spain**

With effect from 01 May 2021, all persons arriving from any Indian airport, with or without stopovers, will be required to undergo a mandatory quarantine for 10 days, or for the duration of their stay in Spain if this is less than ten days. This period may end earlier, if on the 7<sup>th</sup> day the person undergoes RT-PCR or equivalent molecular-based test or antigen test with a reading of  $>$  or  $=$  90% specificity, and obtains a Negative result.

2. It is also mandatory to register and fill the Health Control Form available on the Spanish Health Ministry website and carry a negative RT-PCR test report taken upto 72 hours before arrival.

3. During the quarantine period, the travelers shall remain in their homes or accommodation, and their movements shall be restricted to essential activities, such as :

- procurement of food, pharmaceutical products and basic necessities.
- Visit health centers, services and establishments.
- Situations of necessity.

4. Quarantined persons can be monitored/contacted by the health and security authorities during this period.
